## Relocating Offices/Plant

Growing pains!

We have outgrown our current offices/manufacturing plant in Orem, UT and will be relocating to a larger facility in Lindon, UT (5 miles from our current location). We don't expect any down time and will be at our new location by early May.

Please note our new address and phone numbers:

Seating Innovations  
1457 West 40 South  
Lindon, UT 84042

Phone: 801 785-3363  
Fax: 801 785-3316

---

## More Color/Finish Choices

Check them out

We now have a total of 11 different color/finish choices to compliment our seating systems and chair options. Colors/finishes include white, black, almond, rustic brown, stainless steel, chrome, brass, antique brass, pewter, gunmetal, oil rubbed bronze. In addition, custom colors/finishes are available by request.

## At the HAHB Show 2006

Builders get a competitive edge with Seating Innovations

Seating Innovations, the industry leader in suspended seating, demonstrated their suspended seating systems at the International Builders' Show, the premier event for the home building industry.

Builders recognize that amenities such as suspended seating are no longer a luxury, they are a value-added benefit home buyers are looking for when selecting their new home. Consumers are looking for the convenience of suspended seating which saves time, eases cleaning and minimizes flooring damage.

## “Speaking on Business”

SI featured on Radio Program

Fred Ball featured us in his weekly program “Speaking on Business.” Hear the audio segment at [www.seating-innovations.com](http://www.seating-innovations.com)

Seating Innovations was the original designer of suspended seating for residential use with the Uni-dine table, snack bar and desk chairs. These patented designs have been manufactured for over 40 years.
